## REASONS FOR ALLOWANCE

### *Continued Examination Under 37 CFR 1.114*

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on June 21, 2004 has been entered.

2. The following is an examiner's statement of reasons for allowance:

The present invention is directed to the method for de-interlaced interlaced video using a graphic processor. Each independent claim identifies the uniquely distinct features: "performing, by the 2-D/3-D engine, at least a portion of adaptive de-interlacing based solely on the first interlaced field in response to the at least one instruction to produce at least a portion of the adaptive de-interlaced frame image, wherein the first interlaced field is alternating lines of the interlaced video". All the references of record, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
